

Water Board Meeting

A meeting of the Beverly Water Board was held on August 6, 2020 and called to order at 6:30 pm by Mayor/Chairman Andy Burns. Those present were Board Members David Simmons and Kenny Weese, Chief Water Plant Operator Cory Weese and Utility Clerk Mellanie Dilley. Visitors included Sewer Board Members David Sturdivant and Donnie Pritt, and Chief Waste Water Operator Jarrod Phillips.

Minutes – The minutes were emailed to the members prior to the meeting for their review. The minutes were motioned to be approved by Kenny Weese while David Simmons seconded and the motion carried. AIF

Old Business

Colorimeter- Was purchased and used to test the Hydrants.

Tank Inspections- Cory emailed Pittsburgh Tank to let them know we wanted our tanks inspected, but not before the middle of September.

Hydrant Flushing-Went really good. There are a few areas that need to be done more often such as Beverly Hills, Riggleman Addition, Louk Road, Middle Ridge Road, and the left fork of Files Creek.

Kabota-Repair/Purchase- The kabota has been repaired and is running good. Andy is to check pricing on a Ferris & Simplicity with a cost of \$4000.00 for water.

New Business

Stenner Pump- Does not have to be done now, but Cory would like to have a back-up pump for each pump. This pump can be used for any chemical. Will wait a couple of months before doing anything.

VFD # 2 at River- Is down and needs and needs repaired. Cory got an estimate from Extreme Endeavors to install a new VFD, the cost is \$3405.00. They also suggested when the new one is installed to add in the vents. Extreme Endeavors would install two vents in the VFD cabinet, one as air intake and one to push air out at a cost \$375.00. Kenny Weese made a motion to get a new VFD installed and include the vent installation. David Simmons seconded; motion carried AIF

Backwash VFD- A filter and fan has been replaced. The VFD has not been repaired.

Vacuum Trailer- This will be tabled until a later date.

Chief Operator Reports

Cory Weese submitted his Chief Operator report for July 2020 and a copy of the report is attached.

Water Board Meeting

Accountability

Rate 1 = 4.80%

Rate 2 = 2.65% gain (booster/line ext)
