One leak adjustment was presented for Sewer.

- 1.) G.Hamrick-There was no adjustment to the sewer portion of the leak. Mr. Hamrick did not go over the minimum.

Financial Statements

Financial statements were reviewed.

Invoices

David Sturdivant motioned to approve the invoices to be paid. Mayor Burns seconded; motion carried.AIF

Sewer Board Meeting

Updates and Information

Generators- Using portable generator on #5

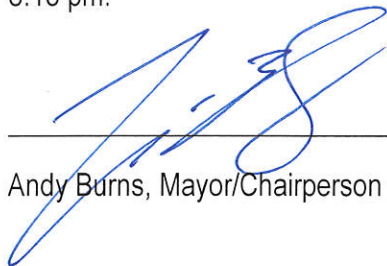

Phase I Sewer Project/ EL Robinson – The Archeological Survey should be done this week. The report may be done by the last week in June. Once the report is done it will be sent to Shipo it usually takes 30 days to hear back from them. Quite a few of items have been found, making the cost a little higher. But there is money in the grant to take care of this. Mr. Hamond has finished the courthouse work, will get out and start to work on the easements. Once we get 80% of the easements we need to have our lawyer send a waiver of Certificate letter. We need to get with Shane from Region VII and start looking at Phase II.

GIS Mapping- Will begin once the project is completed

Enclosed Pole Building- Still waiting on door and opener to come in.

Adjournment

David Sturdivant made a motion to adjourn with Mayor Burns seconding, AIF. The meeting adjourned at 8:15 pm.

Andy Burns, Mayor/Chairperson

Mellanie Dilley, Utilities Clerk/Secretary
